TABLA VELA				1	1	DNF	DNF						

Today I just received a copy of the windward leg where our information was published, thanks, I'm sure the kids and the class is going to love it. Just to let you know the class is based in Cabo Rojo, not Rincon.

As we spoke before about the PR class, enclosed is a couple of lines and a photo about the last activity we had. This activity where the Sunfish class participated is the Festival Olimpico 2008, which is the first qualifying race for the classes participating in the Centroamerican Games to be held in Puerto Rico in 2010.

We are a new class and had 15 boats and 25 competitors participating in the Sunfish Class along with the J24's, Snipes, Hobies 16, Windsurfs, and Sunfish. We had a good time.

Enclosed are attachments with the picture that captured the most boats at the windward leg and a scan copy of the results. Do what is best with the space available.

Thanks, Andres Socarras, DVM

PRNSCA President
