2010/2011 UNITED STATES SUNFISH CLASS NOTICE

WORLD CHAMPIONSHIP QUALIFICATION FOR THE UNITED STATES

The following sailors automatically qualify for the 41st Sunfish World Championship from the United States:

The top seven (7) US finishers in the North American Championship, the top finisher in the US Junior North American Championship and the top one (1) or two (2) finishers in each of the Regional Championships held annually shall qualify. (Depending on each region's allotment, one or two sailors qualify annually. Regions allotted two positions may hold two regionals with the top sailor from each qualifying). A total of sixteen (16) sailors will qualify from regional events. The top finisher from the Women's North American Championship, the top finisher from the US Master's Championship and the top four (4) finishers from the US National Championship at Midwinters shall qualify.

Should a World qualifier be unable to attend, that place will be filled from the alternates list in descending order of finish. No alternate will be chosen from a Regional, Midwinter, Women's or Master Championship if it becomes necessary to go below tenth place. That qualifying position will revert to the North American Championship, except that no qualifying position will be taken if it becomes necessary to go below 30th place.

If a sailor qualifies in two (2) events, the event that took place first shall take precedence.

Sailors may race in any or all Regional Championships and may qualify in any region. This gives Sunfish sailors throughout the U.S. sixteen (16) or more chances to qualify for the World Championship.

All USSCA qualifiers must be members of USSCA in the year they qualify, i.e., all USSCA qualifiers must have been USSCA members in the previous year and must be current members of USSCA to be eligible to race in a World Championship event.

If all USSCA places are not filled, alternates will be selected from an alternates list based on a sailor's finish in a qualifying event. A list of alternates will be made using those sailors finishing in the top ten at a Regional, Midwinter, Womens or Masters championship and not previously receiving a World's bid, and those finishing below 30th in the North Americans weighted by their finish in a qualifying event, (i.e., a third place finisher in a Regional, Womens or Master event will be given a weighting of 3 where a 45th place finisher in the North Americans will be given a weighting of 45). Alternates will be selected from this list in the order determined by their weighting.

If all remaining USSCA places are not filled from the list of alternates, an "at large" wild card drawing may be made. The "at large" list will be made up from qualified sailors not previously receiving an invitation who have submitted their names to the Class Office prior to the wild card drawing.

SUNFISH NORTH AMERICAN CHAMPIONSHIP

All current members of the ISCA are eligible to sail in the Qualification Series of the North American Championship.

All former and current Sunfish World Champions and Sunfish North American Champions are eligible to sail in the Championship Series without having to sail in the Qualification Series at the Sunfish North Americans. Any Champion who elects to sail in the Qualification Series will be counted toward qualifiers. This applies to the senior division only.

Any sailor who is a current member of ISCA may compete in the Sunfish North American Championship.

SUNFISH JUNIOR NORTH AMERICAN CHAMPIONSHIP

The Sunfish Junior North American Championship is sailed concurrently with the Qualification Series at the North American Championship. All current members of ISCA who will not attain the age of 19 by the end of the calendar year in which the regatta occurs may compete. If sailing with a crew, or in a Junior Doubles Championship, both shall be Juniors as defined above. The top five (5) finishers are qualified to compete in the North American Championship.

2010/2011 INTERNATIONAL SUNFISH CLASS NOTICE

SUNFISH WORLD CHAMPIONSHIP QUALIFICATION

Each National Sunfish Class Association shall determine the World Championship Qualification System for their country. In any question over citizenship/residency, the NSCA shall determine who represents their country. A total of thirty (30) sailors are eligible to qualify from the United States. All other countries are allowed to send five (5) sailors plus one additional sailor for every ten members over their basic membership of twenty members up to a maximum of ten sailors. The host country is allowed to send five (5) additional sailors.

Any country not previously recognized by the ISCA may qualify up to two sailors at the World Championship if they can form an NSCA that must have a minimum of five members that have paid their dues to the ISCA by May first of the year of the Championship.

The top ten (10) finishers at the previous World Championship and all former and current World Champions automatically qualify in addition to the quotas for their countries. Also, the top five (5) finishers at the European and South American Championships and the winner of the Masters International Championship are eligible to compete in addition to country quotas. In addition, the North American, South American, and European Champions for the prior three (3) years also qualify for the World Championship. Alternates will not be selected to fill these places should the qualifier be unable to attend.

All World qualifiers must be current members of ISCA to be eligible to race in the World Championship.

In addition, all ISCA Advisory and World Council members and committee chairpersons qualify for the World Championship: All NSCA representatives to the Advisory and World Councils including the current and immediate past ISCA president, the vice president, secretary, treasurer, the chief measurer, membership committee chairperson and the advisory council chairperson. Attendance at the World Championship by the above is critical for the coordination of the ISCA. The above qualifiers shall be over and above the quotas for all NSCA's. Should one of the above be unable to attend, no substitute World Qualifier shall be allowed.
